

S-STEM Scholarship Application – 2019-20

The Ready Set Transfer! Academy is pleased to announce the National Science Foundation S-STEM scholarship for STEM students in the Seattle Colleges. The application is open to students in pre-college math who intend to transfer and complete a four year-degree in science, technology, engineering, or math (STEM). You must be a U.S. citizen or permanent resident with documented financial need to be eligible. Awards begin at \$1000 per quarter and increase up to \$2500 quarter after your first successful quarter. Scholars who maintain eligibility automatically renew their scholarship for up to three years while working towards transfer from SCC.

If you have questions about your eligibility, or how to complete this form, please contact Josh Whorley, joshua.whorley@seattlecolleges.edu.

Applications are accepted on a rolling basis. You may submit an application in any of the following ways:

- 1. Complete this form and submit it the STEM office (1st floor of the SAM Building, at the south end).
- 2. Complete this form, scan it, and email it to joshua.whorley@seattlecolleges.edu
- 3. Complete the online form at <u>https://rst.seattlecolleges.edu/scholarship/app</u>

Part One: Eligibility for the scholarship

- I am a U.S. citizen or Permanent Resident/Green Card holder
- □ I will enroll as a fulltime student
- □ I plan to pursue and A.S. degree and major in a STEM field
- □ I have submitted a FAFSA
- □ I have at least a 2.8 gpa

Part Two: Your Information

Name: _____

Preferred Email: _____

Student ID Number: _____

Phone Number: _____

What is your intended major or field of study when you transfer to a four-year university?

When do you plan to enroll in a four-year university (quarter and year)?

Part Two: Your Interest in Science, Technology, Engineering, or Math (STEM)

1. Describe one or two experiences that sparked your interest in STEM.

2. Describe an academic challenge you faced and how you overcame it.

3. Explain how the scholarship award would advance your studies in STEM.

4. If there is anything else you would like the committee to know about you, please include it here.

Part Three: Your References

Please list the name, title, phone and email address for two references that can speak to your potential. We will contact these references directly, but you should always ask your references to confirm that they are willing to be contacted. Teachers, employers, and coaches all make good references; family members are not appropriate as references.

Reference One: Name:	Relationship (teacher, etc.):
Phone number:	Email:

Statement of Academic Honesty

I hereby swear that all the information I provide in my application is true and complete to the best of my knowledge. If it is determined that any of the information I provided is false, altered or forged, I understand that my application will not be considered and if awarded a scholarship, the award will be revoked. In addition, such misconduct will be reported to the Vice President for disciplinary sanctions under WAC 132F-121-110.

I understand that students selected for scholarships will be invited to participate in a National Science Foundation study of the factors contributing to student success in STEM majors. Participation is voluntary.

I understand that even if I am eligible for a scholarship, I might not receive an award.

I also understand that applications are confidential and that my application materials will not be returned.

Signature: _____ Date: _____

Please attach **the first two pages of your Student Aid Report from your completed FAFSA**, showing your Expected Family Contribution (EFC) to confirm your financial need.
